That, *in all other cases*, receipts must be taken on *unstamped* paper or parchment, and must, within twenty-one days from the date, be brought to the head office in London, or to the said distributors or deputies, in order to their being stamped ; and the duty must be paid on leaving such receipts.

The NEW DUTIES payable are,

2l per cent, on all legacies, specific and pecuniary, of 20l value or amount, or more, and on every clear residue or share of the clear residue of a personal estate, or share therein, of the amount or value of 100l or upwards, given or passing to brothers or sisters of the deceased, or their descendants.

This Institution, established in pursuance of the will of the late John Anderson Professor of Natural Philosophy in the University of Glasgow, and endowed by him with a valuable Philosophical Apparatus, Museum and Library, was incorporated by a Charter from the Magistrates of this city, dated June the 9th, 1796. It is continued under the inspection and controul of the Lord Provost, &c. as ordinary visitors, and under the immediate superintendence of 81 Trustees, who remain in office for life, consisting of Gentlemen conversant with the Arts and Sciences; from these, nine persons are elected annually to whom the principal part of the management is committed.

In the year 1792 several public spirited Gentlemen, friends to the Institution, purchased and fitted up for its accommodation, a spacious Hall, in which the Lectures have since been delivered, with adjoining rooms and other conveniences for containing the Library, Museum, and Apparatus. To the original stock of Apparatus and Models bequeathed to this establishment, considerable additions have lately been made by donations and purchases, and the Managers have it in contemplation, to procure, during the present Session, such articles as may yet be wanting to supply completely the illustrations necessary for the courses of Experimental Philosophy.
